New text: red, highlighted in yellow

### 5. CLASSES

5.1. The cars are divided into classes according to the calculated engine capacity, construction type:

- TC3 (A4000) - series production cars with front mounted engines and calculated engine capacity from 3000 cm<sup>3</sup> to 4000 cm<sup>3</sup> (including TCR type cars);
- ~~TCR – TCR cars. Technical Regulations and bulletins: [www.batcc.eu](http://www.batcc.eu);~~
- PORSCHE GT3 CUP – PORSCHE GT3 CUP cars: 997.2, 991.1, 991.2 and 992 cars. All cars must comply to "PORSCHE SPRINT CHALLENGE NEZ SPORTING AND TECHNICAL REGULATIONS 2023" Part 2 - Technical regulations, except for ABS and traction control, which are allowed. Link for the regulations: [http://www.porsche-racing-club-finland.fi/PorscheClubs/prc\\_finland/files/PSCNEZ15052023-Regulations.pdf](http://www.porsche-racing-club-finland.fi/PorscheClubs/prc_finland/files/PSCNEZ15052023-Regulations.pdf)

5.2. Weighting procedure (cars from the table 5.3 ~~and PORSCHE GT3 CUP~~). Minimum weight is the weight of the car without driver, without driver's equipment and without fuel in the tank.
